C. Recommended language skills

The sending institution, following agreement with the receiving institution, is responsible for providing support to its nominated candidates so that they can have the recommended language skills at the start of the study or teaching period:

Receiving institution [Erasmus code]	Optional: Subject area	Language of instruction 1	Language of instruction 2	Recommended language of instruction level ²	
				Student Mobility for Studies [Minimum recommended level: B1]	Staff Mobility for Teaching [Minimum recommended level: B2]
P COIMBRA01		Portuguese	English	A2 (min) B1 (recommended)	B2 (min)
PL TORUN01		Polish	English	B2	B2

For more details on the language of instruction recommendations, see the course catalogue of each institution [Links provided on the first page].

PL TORUN 01:

Students applying for an Erasmus at NCU should meet the following language requirements: B2 of English (both in writing and speaking). Moreover, respective faculties esp. language departments may have higher requirements. Students should present a language certificate proving their language competences.

D. Additional requirements

[To be completed if necessary, other requirements may be added on academic or organisational aspects, e.g. the selection criteria for students and staff; measures for preparing, receiving and integrating mobile students and/or staff]

[Please specify whether the institutions have the infrastructure to welcome students and staff with disabilities.]

P COIMBRA01:

²For an easier and consistent understanding of language requirements, use of the Common European Framework of Reference for Languages (CEFR) is recommended, see <http://europa.europa.eu/en/resources/european-language-levels-cefr>

Master students need to send a bachelor certificate OR a transcript of records with 180 ECTS credits to the Student Exchange Office.

PhD students need to send a master certificate to the Student Exchange Office. PhD students will only receive ECTS credits if they complete courses at the host institution. Therefore, they will not receive any ECTS credits from the host institution for PhD-related research they undertake. The home institution is responsible for accrediting PhD students with ECTS credits for research completed at the host institution.

It is not possible for students to hand-in their final BA-/MA-/PhD-thesis at the host institution. Final theses need to be graded by the home institution.

The University of Coimbra offers counseling for students with disabilities and chronic diseases. We assist with finding suitable accommodation (wheelchair users are advised to apply for accommodation as early as possible), we provide information about public transport, access to health care, and about financial support in case of additional disability expenditure on the part of the student. The Office for Students with Special Needs moreover gives information concerning the accessibility of university buildings and helps to move a class to another room, if needed. Accommodated study and exam conditions, e.g. additional study papers for blind and visually impaired students, or extra time to use technical devices during exams can also be arranged.

The list of Erasmus coordinators at NCU is available at <http://www.umk.pl/en/cooperation/erasmus/coordinators/>. Erasmus students who wish to follow courses at more than one faculty at NCU need to obtain the approval of a coordinator/dean of a respective/particular faculty.

- Erasmus students interested in writing a final BA-/MA-/PhD-thesis at NCU should ask a respective coordinator to get an approval to do so. Final theses need to be graded by the home institution/not by NCU.
- Nicolaus Copernicus University attempts at facilitating the Erasmus exchange students with disabilities or permanent illnesses. Our International Programmes Office, in cooperation with the Section for Students with Disabilities, tries to meet your special needs.

F. Information

1. Grading systems of the institutions

[It is recommended that receiving institutions provide the statistical distribution of grades according to the descriptions in the ECTS users' guide³. A link to a webpage can be enough. The table will facilitate the interpretation of each grade awarded to students and will facilitate the credit transfer by the sending institution.

ECTS Credits:

The Nicolaus Copernicus University follows the ECTS scheme, which means that ECTS credits are allocated to course units, lectures, practical works, etc. at each faculty. In ECTS, 60 credits represent one year of study (in terms of workload); normally 30 credits are given for six months (a term/semester).

The Polish grading system in higher education is based on the 5 to 2 scale, where 5 is the best mark and 2 is the worst.

Moreover, students can also be marked with additional signs of + and -. Each of them equals half a point: + means 0.5 more. Some courses, however, are not evaluated on such a marking scheme and for these a student may simply obtain *zal.* or *zaliczenie* (EN. 'pass') which means that their workload was satisfactory and they have passed the course.

GRADES: The Student Exchange Office recommends the following grading equivalency table:

Uniwersytet Mikołaja Kopernika w Toruniu		ECTS	
Grade		Grade	Predicate
5		A	Very Good
4,5		B	Better than good
4		C	Good
3,5		D	Better than satisfactory
3		E	Satisfactory
2		F	Unsatisfactory / Fail
Zal / Pass		Participation; i.e. the student has successfully and regularly attended the course.
